5-part Differential

Roche CoaguChek Pro II
INR

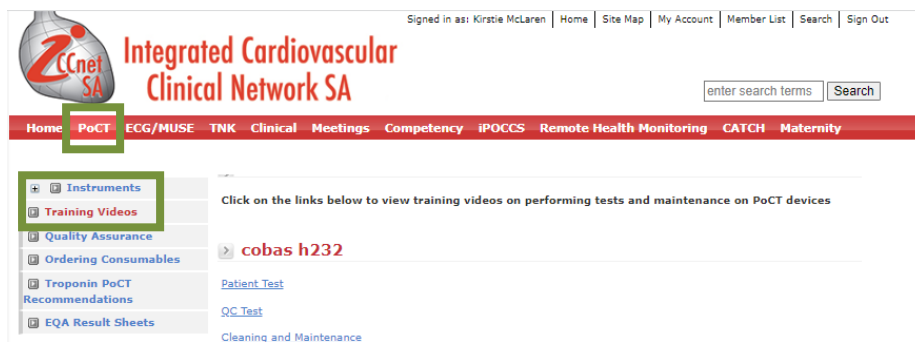

PoCT Competency Instructions

To ensure the integrity of the PoCT at your site, all site staff that perform test are required to complete operational competencies for PoCT equipment and each test type they perform.

Prior to completing competencies, all Training Videos and Manuals for the device being utilised be watched / read.

These are located under the **PoCT** tab on the website under the name of each PoCT device.

www.iccnetsa.org.au

Training manuals are provided at installation.

Users will receive a certificate on completion of their Competencies.

User Certification is valid for 1 year, after which the user must retake the competency.

ONLY perform the tests for the specific devices at your site.

All competencies vary in size but none are take longer than 15 minutes to complete.

Performing Competencies

1) Goto iCCnet website: <http://www.iccnetsa.org.au>

2) "Sign In"

Note – if you do not currently have access to the iCCnet site– please apply now.

Access will be provided by iCCnet within a few working days.

3) "Click on" **Competency** tab

The screenshot shows the iCCnet CHSA website interface. At the top, there is a navigation bar with the following items: Home, PoCT, ECG/MUSE, TNK, Clinical, Meetings, **Competency** (highlighted with a green box), iPOCCS, My Health PoCITT, CATCH, and Contact Us. Below the navigation bar, there are several sections:

- About Us**: Includes links for Publications, Links, and Promotional Videos.
- iCCnet CHSA Network**: A brief description of the network's alignment with health reform principles.
- Mission Statement**: A statement about providing evidence-based clinical services across South Australia.
- Membership Application**: Information for existing members and a link to the member's area.
- *NEW* 2018 ACS Protocol**: Information about updated chest pain management protocols.
- 2018 iCCnet Rural Weekend Update**: Information regarding registration status and a link to meeting details.
- Home Monitoring Promotional Video**: Information about a video resource for home monitoring.
- Education Sessions**: Information about recordings available for clinical sessions.

 A map of South Australia is displayed in the center, showing various regional locations marked with red dots.

4) "Scroll down" to **Test Group ALL**

The screenshot shows the 'Available Tests' section of the iCCnet CHSA website. A dropdown menu for 'Test Group' is highlighted in a yellow box, with 'ALL' selected. Below the dropdown is a table listing various competency tests:

Test	Icon
Clinical Competencies	
Cardiac Medications	
Cardiovascular Risk Factors	
ECG Competency (1 - Standard Level)	
ECG Competency (2 - Advanced Level)	
My Health PoCITT Competencies	
My Health PoCITT b 101 All Technical	
My Health PoCITT b 101 CRP Technical	
My Health PoCITT b 101 HbA1c Technical	
My Health PoCITT b 101 Lipids Technical	
Point of Care Testing Competencies	
Abbott Afinion AS100 HbA1c	
Abbott Afinion AS100 HbA1c. Lipids & ACR	

5) "Select" Point of Care Testing Competencies
